Article 5 – Regulation of assemblies

1. An assembly of more than 10 natural persons shall be restricted where such assembly is related to social events (e.g. wedding parties, any kind of anniversaries, funeral repasts, etc.), including to mass entertainment events.

1¹. (Deleted – 9.9.2020, No 566).

1². It shall be prohibited to transfer/concede a place/area to a person for a fee or free of charge for the purpose provided for in

paragraph 1 of this article. A transferor/concessionaire of the place/area is obliged to take all reasonable measures (including by imposing a specific restriction by the contract) in order to prevent violation of the norm specified in paragraph 1 of this article when using the place/area. In addition, an owner of the space is obliged, immediately after receiving information about the violation of paragraph one of this article, to immediately inform the relevant services.

1³. If the measure specified in paragraph 1 of this article is accompanied by a critical non-compliance with the requirements of the Order of the Minister of Internally Displaced Persons from the Occupied Territories, Labour, Health and Social Affairs of Georgia on the Approval of Recommendations for the Prevention of the Spread of the Novel Coronavirus (COVID - 19) on the Workplace, or if such types of events are organised, the Labor Conditions Inspection Service, in coordination with the Ministry of Internal Affairs of Georgia, shall be authorised to temporarily restrict the use of the space and / or item on the facility (including the use of the facility or its specific place, equipment and / or other item, which is directly related to the taking of measures for prevention of the spread of the virus), and in the case of repeated identification of the critical non-compliance during the holding of the event provided for by paragraph 1 of this article, to limit the use of the space/item on the facility and transfer the case to the Ministry of Internal Affairs of Georgia for the purpose of initiating criminal proceedings in accordance with the current legislation. Unauthorised entry to the facility shall be prohibited, also it shall be prohibited to remove the seal or to ignore the requirements imposed on the facility by the Labor Conditions Inspection Service.

2. All persons are obliged to wear face masks in closed and open spaces. For the purposes of this article, a public space shall be any indoor or outdoor area, unless it is a space used by individuals for residential purposes. Cases of exemption from wearing a face mask shall be determined by Ordinance N 368 of the Government of Georgia of 15 June 2020 On the Approval of the Rule of Wearing a Face Mask.

3. The obligation referred to in paragraph 2 of this article shall not apply to the assembly of persons in medical institutions, public institutions, defence forces, special penitentiary institutions, and law enforcement bodies where functions assigned to them are being carried out.

4. The enforcement of restrictions referred to in this article shall be controlled by the respective units of the Ministry of Internal Affairs of Georgia, the Ministry of Finance of Georgia, the Ministry of Internally Displaced Persons from the Occupied Territories, Labour, Health and Social Affairs of Georgia, and the Ministry of Environmental Protection and Agriculture of Georgia. Municipalities may also be requested to participate in enforcement.

The above process shall be administered via an electronic platform (software), in which:

a) the data of the persons subject to testing in quarantine shall be identified according to the quarantine areas;

b) the data of the persons who have undergone testing in quarantine shall be processed in order for them to leave the quarantine areas.

4². Persons placed in quarantine under paragraphs 4¹ and 4⁵ of this article shall be subject to a PCR test according to the procedure established by Decree No 975 of 15 June 2020 of the Government of Georgia on Approval of the Priority List of Persons Subject to the Mandatory Testing for the Infection (COVID-19) Caused by Coronavirus (SARS-CoV-2) and the Procedure for Conducting such Test. The above process shall be administered via an electronic platform (software), in which:

a) the data of the persons subject to testing in quarantine shall be identified according to the quarantine areas;

b) the data of the persons who have undergone testing in quarantine shall be processed in order for them to leave the quarantine areas.

4³. The process determined by paragraph 4² of this article shall be monitored by the relevant bodies of the Ministry of Internally Displaced from the Occupied Territories, Labour, Health and Social Affairs of Georgia and the LEPL Georgian National Tourism Administration.

4⁴. For the purpose of placement in quadrant areas, the registration and monitoring of persons specified in Article 11⁴ of this Rule shall be carried out by the LEPL Georgian National Tourism Administration through the electronic platform (software) specified in Article 11(4²) of the same Rule - registration.gov.ge. Relevant covid and quarantine hotels shall also have the authority to record and access information within the circle of persons accommodated in their hotel.

4⁵. Persons from the occupied territories of Georgia shall be subject to mandatory testing in accordance with the procedures set forth in Decree No 975 of 15 June 2020 of the Government of Georgia. In the case of a negative test result, the persons from the occupied territories of Georgia will be allowed in the territory controlled by the central government of Georgia without quarantine measures. In the case of a positive test result and/or symptoms characteristic of coronavirus (SARS-CoV-2), they shall be subject to mandatory quarantine, which will be left in the case of a negative test result, in accordance with the established procedures.

5.(Deleted – 26.3.2021, No132).

5¹. (Deleted – 26.3.2021, No132).

6. Persons who are contacts shall be identified by the authorised persons (epidemiologists) of public health care services (the relevant services of LEPL L. Sakvarelidze National Center for Disease Control and Public Health; municipal public health centres), who make decisions to place such persons in isolation.

7. In the cases determined by paragraph 4¹ of this article, a person shall complete a special application form via an electronic

application available on the website www.stopcov.ge., data processing of persons in isolation (self-isolation, quarantine) and process management may be carried out through an electronic platform (software) specified in paragraph 4² of this article.

7¹. (Deleted – 21.10.2020, No 637).

7². During isolation the testing of a person shall be regulated by Decree No 975 of 15 June 2020 of the Government of Georgia on Approval of the Priority List of Persons Subject to the Mandatory Testing for the Infection (COVID-19) Caused by Coronavirus (SARS-CoV-2) and the Procedure for Conducting such Test.

8. Relevant persons shall be transferred to quarantine areas by the LEPL Emergency Situations Coordination and Urgent Assistance Center and the LEPL Georgian National Tourism Administration (if necessary, with the escort of the relevant service of the Ministry of Internal Affairs of Georgia), within their competence. The LEPL Emergency Situations Coordination and Urgent Assistance Center shall transfer persons only within Adjara region, and other persons within the rest of the territory of Georgia shall be transferred by the LEPL Georgian National Tourism Department.

9. Before being placed in isolation (quarantine, self-isolation), a natural person shall sign the information form (Annex No 3). If the person refuses to sign the form, a respective note thereon shall be made and signed by an authorised person.

10. Before being placed in isolation, the person shall be provided with an explanation/appropriate information about his/her rights and duties that he/she is to comply with while in isolation and/or quarantine.

11. The period of isolation of the persons who have been in contact with the confirmed cases shall be determined by the authorised person(s) of the public healthcare services. If a person is transferred from quarantine to self-isolation, or from self-isolation to quarantine, the number of days spent in self-isolation/quarantine shall be deducted from self-isolation/quarantine days.

12. Decisions to place natural persons in isolation (quarantine, self-isolation) shall be made by a relevant authorised service (LEPL Revenue Service, LEPL L. Sakvarelidze National Center for Disease Control and Public Health, LEPL Emergency Situations Coordination and Urgent Assistance Center) in writing or orally. A person shall be placed in isolation for a period of 14 days.

13. A decision shall specify the date and the period of placing a person in isolation.

14. The completion of the form developed by the LEPL L. Sakvarelidze National Centre for Disease Control and Public Health or the LEPL Emergency Situation Coordination and Urgent Assistance Center (which may be in material or electronic form) shall be deemed a decision for the purposes of paragraph 13 of this article.

15. The issuance of an act under paragraph 13 of this article shall not be required where quarantine is announced with respect to a particular territory (municipality, settlement).

16. The relevant units of the Ministry of Internal Affairs of Georgia shall ensure the enforcement of decisions to place a person in isolation.

17. Within the scope of its competence, the Ministry of Internal Affairs of Georgia shall be authorised to control the fulfilment of conditions of isolation by persons placed in isolation (self-isolation, quarantine) provided that there are relevant facts and/or information. Such control shall involve, inter alia, control over whether a person concerned is physically in place, by making periodic telephone calls and by other means explicitly provided for by the legislation of Georgia.

Chapter IV – Temporary Measures in the System of the Ministry of Internally Displaced Persons from the Occupied Territories, Labour, Health and Social Affairs of Georgia

Article 17 – Social security

1. For the purpose of ensuring the uninterrupted payment of state cash payments (state pensions, compensation, social packages, etc.) at the transitional stage, the LEPL Social Service Agency ('the Agency') subject to the state control of the Ministry of Internally Displaced Persons from the Occupied Territories, Labour, Health and Social Affairs of Georgia ('the Ministry') shall not suspend the payment of state cash payments even where there are ground(s) for suspending such payments as provided for by the legislation, except for the case where a person is under pre-trial detention. In this case the administration of state cash payments shall be carried out in accordance with procedures for administration of state cash payments provided for by legislation, and state cash payments shall be suspended for persons with disabilities after the lapse of the time frame specified in paragraph 4 of this article.

2. A body administering appropriate state cash payments shall be released from the obligation to administer cash payments where said administration may result in the suspension of a cash payment, except for the case where a person is under pre-trial detention, in which case the administration of state cash payments shall be carried out in accordance with procedures provided for by legislation.

2¹. The Agency shall be authorised to schedule the issue of and renew state cash payments and social assistance and/or conduct other relations related to their administration on the basis of an electronic application submitted and/or an electronic copy of a material document.

3. (Deleted – 1.6.2020, No 344).

4. Extracts of a medical and social examination act (Form IV-50/4) issued in accordance with the requirements of Order No 64/5 of 27 February 2007 of the Minister of Labour, Health and Social Affairs of Georgia on the Approval of Forms Required for the Medical and Social Examination, and accordingly the statuses provided for by these extracts, which serve as the basis for determining the date of termination of disability status as 1 December 2020 and the subsequent period, shall retain legal force until 1 January 2022. During the period the continuity of state cash payments shall be ensured, and after the expiry of the said period, the administration of the said state cash payments shall be carried out in accordance with procedures provided for by legislation.

5. Within the framework of Ordinance No 262 of 31 March 2014 of the Government of Georgia on the Approval of State Target Programme Promoting the Improvement of Demographic Situation, the LEPL Social Service Agency shall not provide verification of the factual place of residence of families of beneficiaries referred to in Article 5(1) of the State Programme approved by the said Ordinance (for the purposes of confirming the fact of residence of beneficiaries), and pecuniary benefits shall be given within the framework of this programme according to the information kept in the database administered by the Agency, other than for exceptions established within the framework of this programme (according to the database produced by the LEPL Public Service Development Agency: death, termination of citizenship and/or according to the database produced by the Ministry of Internal Affairs of Georgia - border crossing).

6. In terms of the additional administration of registration of socially vulnerable families in the unified database ('the database') and/or of the living allowance:

a) the repeated verification of the social and economic situations of families registered in the database, irrespective of the rating score, shall not be provided at the initiative of the Agency and/or on the basis of confirmed information received and/or found (identified) from various sources within the competences and authority provided for by Ordinance No 126 of 24 April 2010 of the Government of Georgia on Measures for Lowering the Level of Poverty and Improving the Social Security of Population in the Country, except for cases where the initial and repeated verification of the social and economic situation of a family is requested by the family itself;

b) in relation to families registered in the database and having a rating score of less than 120 001, the Agency shall keep paying monetary social assistance, and the living allowance continuously, irrespective of the competences and authority provided for by Ordinance No 126 of 24 April 2010 of the Government of Georgia on Lowering the Level of Poverty and Improving the Social Security of Population in the Country and Ordinance No 145 of 28 July 2006 of the Government of Georgia on Social Assistance initiated by the Agency, and/or irrespective of confirmed information received from various sources and/or confirmed information found (identified), except for cases where the repeated verification of its social and economic situation is requested by the family itself;

c) in the case provided for by sub-paragraph (b) of this paragraph, (continuous payment of the living allowance), the amount of living allowance shall be determined according to the data (number of family members and the rating score) held in the database, except when a family member(s) die(s) or is/are placed in a specialised/penitentiary institution or is/are placed in foster care or leave(s) the country for more than three months in succession, in which case the living allowance shall be automatically re-estimated on the basis of information received from a competent authority, by deducting the amount designated for such member(s). Such re-estimations shall be calculated, in the case of death or placement in a penitentiary institution, from the month which follows the month when a family member was excluded, and in the case of placement in a specialised institution or in foster care, from the month when information was received by the Agency (if the transfer of the amount was made from the following month), and in the case of crossing the border, from the month which follows the month when the three-month period of crossing the border has expired (while counting months, the first month shall be the month when the border was crossed);

c¹) in the cases provided for by sub-paragraph (c) of this paragraph (placement in a penitentiary institution, placement in a specialised institution or foster care, crossing the border), in the case of return/addition of the excluded member(s), the Agency shall re-verify the socio-economic status of the family on the basis of the application of the family. Otherwise, the living allowance shall continue to be reimbursed in the amount re-calculated, excluding the amount owed to such member(s).

d) if a family obtains the right to receive a living allowance based on the examination/assessment of its social and economic situation, the Agency is obliged to automatically carry out the procedure for granting the living allowance, without requiring a visit to the family by an authorised person of the Agency;

e) the Agency shall not be authorised to terminate the registration of a family in the database on the grounds referred to in Article 8(7)(e) of the Rule established by Ordinance No 126 of 24 April 2010 of the Government of Georgia on Measures for Lowering the Level of Poverty and Improving the Social Security of Population in the Country. Accordingly, the rating score shall be assigned according to the data held in the database;

f) the Agency shall not be authorised to terminate the registration of a family in the database if the family has violated obligations provided for by Article 6(1)(d) of the Rule established by Ordinance No 126 of 24 April 2010 of the Government of Georgia on Measures for Lowering the Level of Poverty and Improving the Social Security of Population in the Country, and in the cases provided for by Article 14 of Order No 141/5 of 20 May 2010 of the Minister of Labour, Health and Social Affairs of Georgia on the Assessment of Social and Economic Situation of Socially Vulnerable Families and the Rule of Recording and Referring Information on Children Living in these Families, except for cases where the family does not allow an authorised person of the Agency to examine property/documents or the family refuses to complete a declaration/child declaration and/or register in the database or if not all family members have documents determined by the legislation to complete the declaration, or the family has applied to the Agency for a reassessment based on the change of address and following the social agent's visit (s) to the new address it is verified that the family does not live at the address;

g) the Agency shall be authorised to consider the data held in the electronic database of the LEPL Public Service Development Agency subject to the control of the Ministry of Justice of Georgia as an equivalent document substituting the birth certificate of a child (children) in order to administer the programme within the framework of Ordinance No 145 of 28 July 2006 of the Government of Georgia on Social Assistance and Ordinance No 262 of 31 March 2014 of the Government of Georgia on the Approval of Targeted State Programme for Promoting the Improvement of Demographic Situation, which shall be delivered to the Agency by the Public Service Development Agency in a mutually agreed format.

7. The provision of services in institutions providing services within the framework of various sub-programmes of the State Programme of 2020 for Social Rehabilitation and Childcare approved by Ordinance No 670 of 31 December 2019 of the Government of Georgia (except for 24-hour services and sub-programme for providing services by means of supporting equipment) shall be suspended until 1 July 2020. During the mentioned period, organisations providing services shall be remunerated for their services in accordance with the conditions set out by a respective legal act.

8. Taking into consideration the epidemiological situation, in the case of absence of more than 60% of the total number of beneficiaries and/or personnel employed by the services only in the component of day care centres, provided for by the 'Early Childhood Development Support Sub-programme', 'Child Rehabilitation/Habilitation Sub-programme', 'Programme for the Provision of Services at Day Care Centres', Home Care Sub-programme for Children with Severe and Profound Developmental Delays', and 'Sub-programme for the Provision of Shelters to Street Children' under the 'State Programme of 2020 for Social Rehabilitation and Childcare' approved by Ordinance No 670 of 31 December 2019 of the Government of Georgia, the service may take a decision on the suspension of the provision of services, which shall be notified in writing to the Ministry and/or the LEPL Agency For State Care And Assistance For the (Statutory) Victims of Human trafficking.

9. Before resuming the provision of the services referred to in paragraph 8 of this article, the principles, procedures and amount of their financing shall be determined by an individual administrative act of the Minister of Internally Displaced Persons from the Occupied Territories, Labour, Health and Social Affairs of Georgia.

10. State cash payments / social assistance amounts issued under this article shall not be considered overpaid and shall not be subject to refund.

Article 18 – Medical assistance

1. To prevent the spread of possible cases of the novel coronavirus COVID-19 (epidemics, pandemic, epidemic outbreak) in Georgia and to be ready to respond to suspected and/or confirmed cases, the treatment of patients shall be continued in specially selected medical institutions determined by an order of the Minister.

2. With regard to paragraph 1 of this article, in coordination with the Ministry, beds in medical institutions to diagnose and manage suspected and confirmed cases of COVID-19 in selected institutions shall be mobilised on the basis of the instructions of the Ministry, including:

a) transferring existing/current patients (mobilisation of beds in an institution) to medical institutions providing relevant medical services; and/or

- b) increasing the number of beds at their base (including in the intensive care unit) to the extent possible and, as appropriate, purchasing medical items, materials, apparatus and medications;
- c) providing the diagnosis and management of suspected and confirmed cases of COVID-19;
- d) as appropriate, manage COVID-19 positive pregnant women, irrespective of having the level defined by Order No 01-2/5 of 15 January 2015 of the Minister of Labour, Health and Social Protection of Georgia on the Approval of Regionalisation of Perinatal Services Levels and Patient Referral Criteria;

2¹. Incomplete uploading and/or uploading by violating the terms, or failure to upload to the Ministry portal – COVMOB.MOH.GOV.GE of the statistical information determined by paragraph 2⁴ of Order No 01-467/მ of 19 September 2020 of the Minister of IDPs from the Occupied Territories, Labor, Health and Social Affairs of Georgia, on the Prevention of the Spread of Possible Cases of Infection (COVID-19) Caused by the Novel Coronavirus (SARS-CoV-2) in Georgia (epidemic, pandemic, epidemic outbreak) and Mobilisation of Medical Facilities to be Prepared to Respond to Suspicious and / or Confirmed Cases, shall entail the imposition of penalty under the acting legislation.

3. Services provided in medical institutions determined by paragraph 1 of this article shall cover:

- a) the provision of primary triage and diagnosis of patients at high risk (persons placed in quarantine or self-isolation areas, and contacts of confirmed cases of COVID-19) by institutions mobilised for the management of confirmed cases of COVID-19 (COVID clinics), and the management of confirmed cases of COVID-19, including patients referred from medical institutions;
- b) the provision of primary triage and diagnosis of any patient having fever by institutions mobilised for the management of confirmed cases of COVID-19 (COVID clinics), the referral of patients to the nearest COVID clinic after the COVID-19 diagnosis is confirmed, except for severe cases when patients are referred to medical institutions selected on the basis of instructions of the LEPL National Health Agency; if the COVID-19 diagnosis is excluded, the redirection of patients to the nearest medical institution for further examination and treatment.

4. For the purposes of this article, any inpatient institution throughout the country is obliged to provide initial triage of patients having fever, and provide services to patients in an isolated environment in the medical institution, with strict observance of infection control measures by medical personnel.

4¹. For the purposes of this Article, any inpatient facility across the country in the event of infection of patients and / or medical personnel treated with COVID-19 at the same facility shall be required to provide on-site management of confirmed cases of COVID-19 in an isolated environment by strict adherence to infection control measures by medical personnel.

4². For the purposes set forth in paragraph 4¹ of this article, and paragraph 8(b.b) of this article, any inpatient facility in the country shall be temporarily relieved of the obligation to hold an annex to the permit for the treatment of infectious diseases.

4³. Given the epidemiological situation, in case of urgency, to manage the increased number of suspected and confirmed cases of COVID-19, the space of non-medical facilities shall be used together with the medical institutions involved in the mobilisation scheme.

4⁴. Mobilisation of relevant medical personnel and provision of necessary equipment for the management of patients in the space specified in paragraph 4³ of this article shall be carried out by the relevant mobilised medical institution, non-entrepreneurial (non-commercial) legal person called the Medical Holding of Georgia or an implementer, in accordance with the instructions of the Ministry.

5. All institutions determined by paragraph 1 of this article are obliged to assign persons responsible for taking appropriate biological material for COVID-19 testing, performing fast tests and, as appropriate, storing and handling material to be analysed. The material to be analysed shall be handled in accordance with instructions/procedures determined by the General Director of the LEPL L. Sakvarelidze National Centre for Disease Control and Public Health.

5¹. For the purposes of this article, any inpatient institution throughout the country, which, in accordance with Ordinance No 385 of the Government of Georgia of 17 December 2010 on the Approval of the Regulations on the Rules and Conditions for Issuing a Licence for Medical Activities and a Permit for an Inpatient Institution, holds the licence and permit of the inpatient institution in the resuscitation or emergency medical service (EMERGENCY) service, upon the instruction of the Ministry, is obliged to organise on the basis of the institution, appropriate inoculation cabinets and brigades for COVID-19 vaccination, in accordance with the established rule.

6. During the period of epidemic, medical personnel (doctors, paramedics, hospital attendants) working in medical institutions determined by paragraph 1 of this article who, at the same time, are employed by other medical institutions, are obliged to work only in the institutions determined by paragraph 1 of this article. In addition, the other medical institution is obliged to maintain the work position (if any) for the said medical personnel.

6¹. For the purposes of this article, taking into account the epidemiological situation the management of COVID-19 as an interim measure (except for intensive care) shall be granted to any subject of independent medical practice, regardless of the specialty and competence permitted by the state certificate.

6². For the purposes of this article, the Ministry shall be authorised to defer the conduct of the Unified Postgraduate Qualification and State Certification Examination for a reasonable period of time as a temporary measure, taking into account the epidemiological situation.

7. Institutions determined by paragraphs 1, 4¹ and 8 of this article shall be financed in accordance with terms and conditions determined by Annex No 20 (Management of the Novel Coronavirus Disease of COVID-19) approved by Ordinance No 828 of 31 December 2020 of the Government of Georgia on the Approval of State Healthcare Programmes of 2021.

8. In a matter of urgent necessity, taking into account the epidemiological situation, the Ministry shall be authorised to:

a) make a decision other than provided for by this Ordinance on changing the terms related to the mobilisation, and/or on mobilisation of other inpatient and/or non-medical facilities with proper conditions;

b) make a decision on the exclusion of facilities from the mobilisation scheme, taking into account the number of beds mobilised, the number of beds used, geographical availability, access to specialised services for patients diagnosed with COVID-19, as well as the possibility of consolidating beds. However:

b.a) in clinics that will be subject to exclusion from the mobilisation scheme, except for the cases specified in sub-paragraph “b.b” of the same paragraph, the admission of new patients diagnosed with COVID-19 shall be terminated from the date specified by the Ministry;

b.b) clinics referred to in sub-paragraph (b.a) shall have the right to accept new patients diagnosed with COVID-19 for management if they are able to operate in hybrid mode with appropriate prevention and control measures and prevention of infection.

b.c) in the cases specified in sub-paragraph (b.b) of this paragraph, funding for COVID-19 cases for clinics will be provided in a different manner than for mobilised clinics.

8¹. In order to prevent the spread (epidemic, pandemic, epidemic outbreak) of possible cases of the novel coronavirus (COVID-19) in Georgia, to manage home care of the persons with suspected and/or confirmed cases of COVID-19, and to control the quality of such management:

a) a central online clinic shall start operating within the organisation under the Ministry system/management, which shall manage and supervise the novel coronavirus (COVID-19) cases, monitor the process and control the quality of such management;

b) for providing the services determined by sub-paragraph (a) of this paragraph, the central online clinic shall, in order to perform administrative, registration, operational support and other appropriate tasks in the working process within its competence, be staffed with family physicians, junior doctors/university students in their final year of studies, and other personnel, after the provision of appropriate training;

c) insurance companies shall provide the persons involved in private insurance schemes and the persons insured from budgetary funds with the management and supervision of suspected and/or confirmed COVID-19 cases, and the telephone consultation with family physicians/pediatricians/internal medicine specialists;

d) insurance companies shall provide to the insured persons the contact information of the medical personnel engaged in the management and supervision of suspected and/or confirmed COVID-19 cases, and other organisational issues;

e) provision of the services determined by this paragraph shall not envisage co-payment by beneficiaries;

f) other issues related to the implementation of the measures determined by this paragraph may be regulated by an individual administrative act of the Minister of Internally Displaced Persons from the Occupied Territories, Labour, Health and Social Affairs

of Georgia.

8². Vaccination against the novel coronavirus disease – with COVID-19 vaccine shall be carried out in medical institutions that meet the criteria set by the Ministry, however, for the purposes of this paragraph, the right to conducting vaccinations shall be given to nurses and any entity of independent medical practice irrespective of the specialty and the competence permitted by the state certificate.

9. The following institutions shall be assigned the following functions:

a) the LEPL State Regulation Agency for Medical Activities to monitor the readiness of medical institutions in terms of infection control and maintaining the respiratory apparatus in good work order;

b) the LEPL Emergency Situation Coordination and Urgent Assistance Centre:

b.a) to ensure the transportation of patients, as needed;

b.b) to ensure the testing for infection (COVID-19) caused by the novel coronavirus (SARS-CoV-2) on the basis of established service fees in accordance with paragraph 10 of this article and/or Article 21(1¹) of the Law of Georgia on Public Procurement, including:

b.b.a) gathering, storing and transporting relevant biological material or testing for identifying COVID-19 using the fast/easy method (directly through the LEPL Emergency Situation Coordination and Urgent Assistance Centre);

b.b.b) testing for COVID-19 using the PCR method, in accordance with Annex No 20 (Managing the Disease of Novel Coronavirus of COVID-19) approved by Ordinance No 828 of 31 December 2020 of the Government of Georgia on the Approval of Healthcare State Programmes of 2021, through the institution/laboratories implementing the component providing diagnostics of the infection caused by the novel coronavirus (SARS-CoV-2) (in accordance with the terms of the contract between the LEPL Emergency Situation Coordination and Urgent Assistance Centre and the relevant institution/laboratories);

c) the LEPL National Healthcare Agency to:

c.a) provide assistance, as appropriate, in the process of distribution of current patients to other medical institutions providing relevant services when the hospital is fully mobilised;

c.b) ensure that the medical institution is informed about this Ordinance.

9¹. In view of the epidemiological situation, in order to manage the increased number of confirmed cases of COVID-19, the LEPL Emergency Situations Coordination and Urgent Assistance Center shall be allowed to temporarily transfer the ambulance vehicle(s) on its balance to the non-entrepreneurial (non-commercial) legal person called the Medical Holding of Georgia for temporary use, as per instructions of the Ministry, for the transportation of COVID-19 suspicious and / or confirmed patients to the clinics under its management.

10. In order to enforce the measures determined by this article, procuring institutions shall be given the right to procure necessary services/goods in the case of urgent necessity and/or in accordance with Article 10¹(3)(d) of the Law of Georgia on Public Procurement, under the simplified procurement procedure, with the consent of the LEPL State Procurement Agency.

11. The measures determined by paragraph 2(c) of this article shall be financed in accordance with terms and conditions determined by the State Programme for Managing the Disease of Novel Coronavirus of COVID-19 approved by Ordinance No 828 of 31 December 2020 of the Government of Georgia on the Approval of Healthcare State Programmes of 2021.

12. Taking into account national and public importance, a different procedure for the issuance of a licence/permit shall be established for medical institutions and, in agreement with the Ministry, the LEPL State Regulation Agency of Medical Activities shall be granted the right to issue a temporary licence/permit for medical activities by a relevant act with terms and conditions other than those established by the legislation.

13. To ensure the execution of this Ordinance, Batumi Republican Clinical Hospital LTD shall be granted the right to perform activities on the basis of the existing licence/permit at the address of property (land (real estate) cadastral code No05.27.09.011) located at No 2, Tbel Abuseridze Street, the City of Batumi.

14. To enforce the measures determined by this article, Academician Nikoloz Kipshidze Central University Hospital LTD (cadastral code: 205165453) shall use the plot of land (including the buildings and structures thereon/attached thereto) registered by cadaster

code No 43.10.42.174 of land (real estate) (address: the Village of Rukhi, Zugdidi Municipality), on the basis of the existing licence/permit, to manage infection (COVID-19) caused by the novel coronavirus (SARS-CoV-2). For the purposes of this article, Academician Nikoloz Kipshidze Central University Hospital LTD shall be authorised to use fixed and other assets, and other resources on its balance sheet.

15. Institutions providing dental services shall continue functioning in accordance with the recommendations/requirements and the rule of functioning approved by the Order of the Minister of Internally Displaced Persons from the Occupied Territories, Labour, Health and Social Affairs of Georgia.

16. As appropriate, those persons responsible for the delivery/supply of medication to beneficiaries during the provision of appropriate services within appropriate state healthcare programmes in the system of the Ministry, in accordance with the terms and conditions provided for by the same state programme, may be released from the obligation to deliver under the prescription form No 3 as a temporary measure.

Article 20 – Enforcement of penalty sanctions

1. Within the framework of Ordinance No 36 of 21 February 2013 of the Government of Georgia on Certain Measures to be Implemented to Transit to Universal Healthcare, the moratorium shall be extended to 1 July 2020 on penalty sanctions (including disputable ones) determined by administrative legal act(s) of the programme administering body (bodies) for supplier institutions, and on the payment of administering measures determined by Article 19¹ of Annex 1 of the same Ordinance and Ordinance No 66 of 13 February 2019 of the Government of Georgia on Additional Measures for Administering State Programme for Universal Healthcare, taking into account paragraph 3 of this article.

2. The provisions of paragraph 1 of this article shall also apply to the enforcement of penalty sanctions determined within the framework of state healthcare programmes of the respective year (including the State Programme for the Management of Hepatitis C approved by Ordinance No 169 of 20 April 2015).

3. In the case provided for by Article 19¹(8) and (9) of Annex No 1 of Ordinance No 36 of 21 February 2013 of the Government of Georgia on Certain Measures to be Implemented to Transit to Universal Healthcare, the validity of a written agreement on the payment rescheduling of penalty sanctions shall be suspended only if a supplier ensures that the validity period of an appropriate guarantee related to the fulfilment of an obligation (a guarantee corresponding to the amount of the obligation) is postponed for an appropriate period and is submitted to a provider in a written form.

Article 21 – Measures related to property management and agreements

1. The Ministry and LEPLs subject to its control shall transfer movable state property to an appropriate organisation/institution, within the scope of measures of prevention related to the novel coronavirus (COVID-19) and in accordance with applicable legislation, namely Ordinance No 285 of 20 July 2011 of the Government of Georgia on Transfer of Disposable and Rapidly Wearing Items, Pharmaceutical and Food Products by Institutions of the Executive Authority to be Used by Private and Public Legal Entities and/or Administrative Bodies, and/or Ordinance No 791 of 24 December 2020 of the Government of Georgia on the Approval of the Rule for Applying, Discussing and Making a Decision on Transferring State Owned Property for Use to the State, the Autonomous Republic of Abkhazia or Ajara, a Local Self-government Body or a Legal Entity under Public Law. However, the deadlines set by the same Ordinances related to the transfer of state property shall not be applied

2. In accordance with Article 36(2) of the Law of Georgia on State Property, the Ministry and LEPLs subject to its control shall be permitted to transfer appropriate movable property free of charge, without auction, by their own decision, within the framework of measures for ensuring readiness for the prevention of coronavirus and appropriate response measures related thereto.

3. The Ministry and LEPLs subject to its control shall be released:

a) from the requirements of Ordinance No 139 of 11 May 2010 of the Government of Georgia on Certain Measures Related to the Conclusion of Agreements with the Participation of Foreign Contracting Parties and Ordinance No 126 of 14 March 2011 of the Government of Georgia on Measures to be Implemented Regarding Grants by Relevant Institutions of the Executive Authority and Legal Entities under Public Law Subject to the State Control;

b) within the scope of preventive measures against the novel coronavirus (COVID-19), when making procurement of appropriate goods and services:

b.a) from the requirements determined by Article 21(4) of the Law of Georgia on Public Procurement and taking into account Article 10(8) of the Rule approved by Order No 13 of 17 August 2015 of the Head of the LEPL State Procurement Agency on the Determination of Criteria for Simplified Procurement and on the Approval of the Procedure for Performing Simplified Procurement, and Article 10(2), Article 11(1) and (1¹), Article 12(1) and (2), also, Article 13(3) of the rule approved by the same Order;

b.b) from the requirements of Ordinance No 6 of 12 January 2021 of the Government of Georgia on Certain Measures to be Taken Regarding Public Procurement.

4. Within the framework of measures of prevention of the novel coronavirus (COVID-19), in relation to the Ministry and LEPLs subject to its control, as well as relevant procuring medical institutions as provided for by Article 18 of this Ordinance:

a) the minimum time limits under the Law of Georgia on Public Procurement and the minimum time limits of the agreement with the LEPL Public Procurement Agency, determined on the basis of the said Law, shall not apply;

b) the provisions of Article 18(10) of this Ordinance shall apply, in light of the content thereof.
